SUNDAY, MAY 19

The day began with a great Roger breakfast and we were in the saddles by 9:30. (Very late in the morning by Roger standards.) We had a quick morning prayer to keep everyone safe on the trail. Then we were off to Rusty's for lunch & beverages.

The ride was beautiful, although a bit odd for me. Perfect for the horses though!! After riding back to the ranch we had a wonderful supper of Burgers + Beans, with all the extras, provided by Roger + Julie. Our evening ended with a fire and stories and an earlier bedtime for some.

Another wonderful time at the Windmill Ranch. I am not ready to head home yet!

Overcast and windy - did reach 58° today.

Day started with us staying at house meeting the ranch crew at 8:30 sharp. Roger started us with a morning prayer for safe travels. 15 riders did the ride to Solon and the last Chance Saloon - 22 min. 5 trailers followed - 2 left for home - Kelly, Jenna, Leah, and Barb was a good ride, at a good pace. 8:30 - 2:00. Must state that Tom found the bar!

Back to our respective home away from home. Some of us took short naps (me)

Back to the ranch house for supper. Thanks to all who provide food.

Julie and Roger, thank you so much for everything you do and provide.

Your machine shed makes a great temporary home. Love Etelma!

Very cool morning with little rain. Forecast isn't good for riding today. Horses will get the pay off!

We all gathered at Roger & Julie's place for a very good & filling buffet. Thanks to all who provided & helped!

Janet & Paruky decided to go into the city & had room for me so we found the Boot Barn & stopped around, also ran into Peggy & Dawn who also parted ways with some of their hard earned money but had some nice boots!

Guess we thought we were hungry again so went to fill our bellies again with soup and salad, then Dawn, Peggy & myself went to walk around in the Heritage Center - OH Boy, lot of interesting things to see in that place! More to see for supper thanks to Jake & Sally!

Saturday

In the beautiful glow of the
evening light I am reflecting on
the day. Roger started the trip
by leading the group from the
Hille Ranch to the Hille Residence.
There were 33 riders and 5 Rangers.
We rode to the Mexican breaks
where we enjoyed the view. From
there it was off to Deer Valley
where we savored Wild Don. We
ate lunch on the Krieb property. From
there we returned to the Ranch and
enjoyed refreshments and fellowship.
We did not take Roger long to reach
the next stop. We was returned to
the Hille Residence for dinner and
socialization. During the group lunch
night was Ranch Lori and Body
canyon. Neighbors riding today
were Haley, TJ, Hooper, Shirley, JJ
Roger surprised the group at the
Hille Residence.

Saw a beautiful sunrise at the ranch and was hoping that no rain would continue but nature had other plans. Registration appeared to go smoothly and although we didn't have as many people for the wagon, we did have some fireworks. A light rain started just before the ride started. Leading the way was a wonderful reconstructed Bismark #1 fire truck. It was great to see Ty join his friends Connor & Hunter on the truck. Shortly after 9 AM the ride started, with four truck leading, followed by 2 wagon, 32 horse riders, 15+ ATV's and a number of cars & pickup. The lineup looked to stretch a 1/4 of mile. Linda advises me we had 56 participants. A light rain continue for the while trip until we reached Rusty's. Rusty's had the tent open and lunch was provided. appeared upwards of 300 people were in attendance remembering and

Woke up to a light misty rain
which lingered long enough to call off
the scheduled morning ride. The group at the
house headed for home admitting they were
'fair weather riders'. Plenty of sad good-byes
and words of appreciation. Sierra was
missing Mackey, so as the mist lightened,
we were able to get her out of the
ranch the back way - all went down
to the house to bid more good-byes. With
the light rain persisting, we were able to
get Melissa and Sue's trailers and
horses out the back way and load them
on their way before noon. Knowing I
had a busy Monday morning, I got busy
cleaning the bunkhouse & washing the truck,
trailer, & racks. Julie also had a busy
day cleaning the house - we were both
tired when we turned in just
after 10:00.

Plenty to report on!!! We extended
our 747 commitment, raised awareness and
funds for both the Schwartzbauer Education

FUND AND THE GIFT OF LIFE HOOSE.
NO RETURNS OR APSES SERIOUSLY WANT

WE MAY CONSIDER JOINING THE JVT
